## GREED FLAYED AS CAUSE OF WAR

### WARS FOUGHT TO GAIN MARKETS, SAYS MINISTER

Modesto Pastor, Speaking At Berkeley Scores Wall Street And Financiers

### FLAYS NATIONAL ANTHEM

"Religion of Patriotism Rampant In Country, Above God," He Charges

(By Universal Service)

BERKELEY, May 22. The panegyric against war and imperialism delivered by Rev. H. S. Brewster of Modesto, during the session of the seventh annual Synod of the Pacific province of the Episcopal church is being discussed today by the delegates and those who heard the address.

Dr. Brewster charged Wall street and the international financiers with encouraging war for their own personal gain and that all wars had been fought to obtain markets and economic supremacy. "The church should insist that business men that go into foreign lands do so at their own risk," he declared. "I say my country is criminal when it takes my boy or any other boy and flings him into the holocaust of war. I may have to take my crucifixion this way in saying these things. I'm willing to go to jail or face a firing squad. I say that America or England or any other nation is sinful when it throws my boy into such a holocaust as the last war so that any man may become rich. I don't want my boy mangled up in oil. I don't want him murdered." Dr. Brewster vehemently declared.

**DEPLORES "PATRIOTISM"**  
He characterized as unthinking and anti-Christian men and women who stand while the Star Spangled Banner is sung and salute the "Flag of the Buccaneers of Wall Street," every time it passes. "The Star Spangled Banner is neither music nor poetry," he said. "We are in danger of elevating the religion of patriotism, which is rampant in this country today, above the religion of God."

"This is not a Christian nation and never will be while business controls the government," he said.

"We shudder at the ancient mothers who threw their children into the Ganges to drown, yet we do not seem to mind throwing boys and girls into the mills and factories. They toil day after day, hardly seeing sunshine and enjoying fresh soil, while the owners of the mills and factories flaunt their wealth on the golf links."

### WOMEN IN ACCORD

"The church must see that business ceases to cloak its selfishness under the kindly mantle of Christianity," he concluded.

In perfect accord with the address of Dr. Brewster the women's auxiliary unanimously adopted a resolution declaring that war is contrary to the teachings of Jesus Christ. The resolution, which reads as follows, will be presented at the general convention of the church which meets this fall in New Orleans.

Resolved: That the delegates to the triennial of 1925 assembled in New Orleans, place on record our conviction that war is contrary to the teachings of Jesus Christ, Our Lord, and that the causes of war are ignorance, prejudice, selfishness and greed; which must be uprooted from the hearts of men."

### Relief Is Sent To Flame Swept Quake Stricken Japanese Areas

(By Universal Service)

TOKIO, May 24. Relief organizations are working today in the Sanin district of Hyogo prefecture, northwest of Osaka, where considerable damage was wrought Saturday morning by the most severe earthquake felt in this territory in many years. The tremor, it is said, outlasted in local intensity the disastrous Tokyo-Yokohama earthquake of September 1923.

Special trains carrying physicians, nurses and supplies are being rushed to the devastated district from Osaka. It is estimated the injured number about 1,000. Early estimates said the dead would not exceed 100, but 2,000 have been made homeless by the tremor and the fires which followed.

The tremblers continued in the Osaka district for ten minutes, and the populace is in a panicky state. Shortly before midnight Tokyo was shaken by a distinct earth shock which caused no damage, according to available reports.

The earthquake centered at Tajima 50 miles from Osaka. All lines of communication into the stricken district were down. Trains were wrecked and in the absence of reports from one passenger train, it was feared it had been engulfed when a tunnel on the railroad line collapsed.

### Martinez Scouts Presented Flags By Exchange Club

Martinez troops of Boy Scouts were presented with flags by the Exchange club yesterday at a public ceremony at the court house grounds that was preceded by a parade of ten Boy Scout troops with two drum corps.

With appropriate remarks William H. Hanion, superintendent of schools, made the presentation of the flags on behalf of the Exchange Club.

Responses were made by Tryin Keefe and Scout Executive J. E. George on behalf of the Scouts. Surrounding their new colors the Scouts then sang "The Star Spangled Banner."

At 2 o'clock the Scouts started their parade from the court house, traversing the business district and then returning for the flag presentation.

Five troops of Richmond Scouts, the two Martinez troops, and troops from Bay Point, Pinole and Walnut Creek were in line. The drum corps came from the Walnut Creek and Pinole troops.

Subscriptions to the Boy Scout fund for maintenance of an executive and the Scout Camp are still coming in slowly, according to members of the committee, who urge that donations to the fund be left at any of the city's banks.

The public is also invited to participate. After an appropriate program, flowers will be strown on the water of the bay in the theory that some of them may find their way to the watery graves of sea heroes, where they will serve as memorial decorations.

### HIGH VALUES INVOLVED IN LOCAL SUITS

Five Richmond Land Suits Of Great Worth Now on Trial In San Francisco

### NEW RICHMOND COMPANY

Cares of Harbor Center Land and New Richmond Company Continued to June 1

MARTINEZ, May 23. The trial of one case at a time is about all that any judge would want, but Superior Judge A. B. McKenzie, sitting in San Francisco, has for the past ten days been engaged in trying five cases involving Richmond property worth more than a quarter of a million dollars, at one time, Friday the cases were continued until June 1st.

Three of the cases were brought in the Superior Court here and two in the San Francisco courts and his stipulation of attorneys, the three cases were transferred to San Francisco, all to be heard at the same time by Judge McKenzie.

The cases are the Harbor Center Land Company against Edith Wilbur, the New Richmond Land Company and B. H. Griffins against the same defendant. The suits filed in San Francisco were Edith Wilbur against the above named plaintiffs and B. H. Griffins against Wilbur.

During the pendency of the three actions in the court here, Miss Wilbur secured delay after delay by discharging her attorneys just before the time set for trial or almost immediately after trial had begun and according to reports from San Francisco, she has made the trial three most difficult for all concerned, the climax being reached Friday when she hurried the lie at an attorney in the east and left the court room to rush to the bond warrant clerk's office to demand a warrant for the arrest of a witness whom she claimed had testified falsely.

The property involved in the suits is what is known as the McClure tract in Richmond, consisting of approximately 100 acres, which Miss Wilbur bought a number of years ago for \$250,000. At the time of the purchase the property was encumbered by a deed of trust to the extent of \$125,000.

Miss Wilbur subsequently sold one half for her equity in the property for \$62,500 to the New Richmond Land Company, she and this company, later transferring title to the property to the Harbor Center Land Company. At a later date an agreement was entered into whereby the New Richmond Land Company was to be the exclusive selling agents of the property, it to stand all expense, including advertising, and was to receive a commission of 30 per cent. The real question involved in the suits being whether or not the selling company was to receive 30 per cent of the amount actually collected for land sold or that the commission should be on the selling price of the land. The amount of commissions demanded, it is understood, amounts to about \$125,000.

After the selling agreement had been consummated Miss Wilbur borrowed \$50,000 from B. H. Griffins, giving as security for repayment, all her stock in the Harbor Center Land Company, the holding company. This stock was later sold by Griffins, it is claimed and Miss Wilbur's suit against Griffins, who has since died, is to have this transfer set aside. Interest on the \$50,000 has accumulated until the amount now owed by Mrs. Wilbur is said to be in the neighborhood of \$90,000.

One of the claims in the case is that the cost of the famous Richmond city hall, which was built on the tract of land involved, should have been absorbed by the New Richmond

### Amundsen Still Not Heard From, Believed Safe In Polar Flight

(By Universal Service)

LONDON, May 23. Although the whereabouts of Roald Amundsen is still unknown, the disposition in Scandinavian scientific circles is optimistic as to his fate. It is felt that Amundsen has certainly landed and that he has possibly flown away from the pole in the direction of Alaska.

So far weather conditions would be determined in advance they were propitious for the flight and the expedition carried supplies sufficient to last for weeks. So even if the explorer landed on a frozen sea, it is believed they will be able to make their way back on foot.

It was also declared that Amundsen intends to remain 24 hours and therefore might not have started the return flight before today. Amundsen's ship Hobbly is the farthest north of his two ships and since it is without a wireless it is possible that he may be in communication with it. The body has not communicated with Spitzbergen since the flight started.

### NATION-WIDE PROBE STARTS IN BOOZE GRAB

H. A. Stivers, Former Richmond Man, Aids in Seizure of Alcohol at San Jose

### FIFTY STEEL BARRELS TAKEN

Booze Marked Linseed Oil Is Shipped from Cleveland, Ohio Refining Co.

(By Universal Service)

SAN JOSE, May 23.—A freight car loaded with 50 steel barrels marked "linseed oil" was seized by federal prohibition agents under command of Captain Charles Goff here today. The barrels contained 2,500 gallons of pure grain alcohol, valued at more than \$25,000.

The investigation which followed uncovered what the federal officials say is one of the boldest attempts to market forbidden liquor in the entire history of prohibition enforcement. The immediate results of the seizure were:

1. Arrest of two men, Emmanuel Maffey, 85 Asbury street, San Jose, the consignee of the "oil" shipment, and Cleber de Luca, who had the bill of lading.
2. Confiscation of the alcohol.
3. The commencement of a nationwide investigation, centering in California and in Cleveland, O., where federal agents were ordered to interview the E. W. Ruffing Company of that city, the shippers of the carload as shown on the bill of lading.

**MEN'S "TIPPED OFF"**  
There was a "tip-off" somewhere along the line of shipment between Cleveland and San Jose, the prohibition agents admitted. The arrest warned that the big liquor shipment was on its way, the prohibition agents came to San Jose yesterday and enlisted the co-operation of H. A. Stivers, local freight agent on the Southern Pacific railroad, over whose lines the carload was arriving.

The agent was instructed to "proceed to 'find' in connection with the shipment of fifty steel drums, each containing fifty gallons of 'linseed oil,' consigned from the Erie Refining company of Cleveland to Emmanuel Maffey. Meanwhile Goff learned that a man registered at the Montecito hotel here last night as E. Maffey, and it was to this individual that Stivers telephoned notice that the shipment had arrived. Maffey registered from Palo Alto. It was later learned that he had a San Jose address.

The San Jose police were notified after a man had called at Stivers' office and verified the fact that the car had arrived, the police and the prohibition agents made 5 arrests. After questioning, all were released except Maffey and De Luca. The latter was arrested in front of Maffey's Asbury street house and the operatives say that the bill of lading was found in his pocket. The arrests were made by Policemen Martin Harris and John Guerin.

# LET'S GET WHAT WE PAY FOR!

Any City Which Needs a Modern Hotel

Pays For It Whether it Gets It Or Not

A live mid-western city reports that during the first three years of operation of their MODERN HOTEL, enough NEW business, aside from hotel bills, was brought to their business men to pay for their hotel.

This new business came from increased numbers of tourists, traveling men and business executives. People, with money to spend, who had been passing them by and spending their money in neighboring cities which were progressive enough to provide adequate facilities for their entertainment.

How many hotels has Richmond built in OTHER CITIES during the past ten years? Hotels built with money which logically belonged to Richmond's businessmen—Potential business for Richmond which turned aside.

Let's do the wise thing NOW and build a hotel in RICHMOND and take advantage of our natural assets — main automobile highways and natural trade, commercial and industrial center.

The investment in Richmond's new Modern Hotel should render a two-fold return to her citizens — First, in the way of direct dividends on the stock; Second as indirect returns through new business, city advertising and general progressiveness.

### East Bay Sciots Plan Ceremonial At Oakland June 6

Plans are progressing nicely for the East Bay Sciots ceremonial in the Oakland auditorium on the evening of Saturday, June 6. George Leher of Richmond is secretary of the association in charge of the affair, while the following toparchs of the Sciots Pyramids about the bay will be at the head of the event: Robert Travers, Richmond; Judge Puleifer, Oakland; A. Floyd Alameda, P. Jones, Berkeley.

It was announced yesterday that it is expected that a large class of candidates will be initiated into the lodge at the ceremonial and in this class there will be a good number from Richmond.

Progress is also being shown in the arrangements for the Richmond Pyramid of Sciots dance at East Shore Park on June 29. This is to be a barn dance in the fullest meaning of the words. All those who attend are urged to come attired in costume appropriate to such an affair, but it is certain that all Sciots will be thus garbed. The setting is to represent the dance hall in Punkinville Center, and will be under the ample protection of a pair of sturdy town marshals at all times to see that "no rough stuff is pulled by heck." George Leher, and Dick Spierich, and George Bingley, all three of whom have become famous as program arrangers in this city will be busy from this day forward completing the diver arrangements for the dance, the first of its kind to be held here for many months.

### TUBERCULOSIS OVERCOME

Oakland, Calif.  
April 28, 1925.  
For about three years I suffered from a bad cough and sore throat. I tried many doctors, all of whom pronounced my case Tuberculosis. My spittle was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WAN HERB a test, as a last resort. After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WAN HERB on April 16, 1924, but today I am still well and have no sign of my former complaints. (Signed) MRS. A. ACKERMAN, Fort Bragg, Calif. ## KRATZER TELLS HOW TO FOIL AUTO THIEVES

"In the event of your automobile being stolen, would you be in position to positively identify it to the satisfaction of the authorities when located, even if the thieves had made unusual efforts to disguise it?" asks C. C. Kratzer local Buick dealer.

"This is a problem as old as the industry itself and is one that will never be solved except by the owners of automobiles. The manufacturers have wrestled with it for years, and the steps taken by them are un-

doubtedly more complete than will be found in any other class of manufactured products.

"Every frame, every body, every motor and transmission and rear axle, every tire and steering gear, or any other unit that can be named, bears the factory serial number cast forged or stamped into it. And for a time this precaution was an effective means of identifying a stolen car.

"But automobile thieves have found the stealing of cars so profitable that they have devoted an amount of work and cunning to their low practice that is worthy of a much better cause. It is a matter of common knowledge that they will steal two or more of the same make of cars, switch the various units about from one to another, obliterate some of the serial numbers and change them so that eventually these numbers in many cases are almost useless from the standpoint of the rightful owner. This is a condition that cannot be

controlled at the factory. Similarly, it cannot be controlled by the owner. "But there is a way for the owner to get around it. He can put some private marks in obscure places on his car where they will not be likely to be detected, or if detected will not be regarded seriously by the thief. But as long as the owner continues to leave all the precautions to somebody else, he is playing right into the hands of his enemies.

"A private mark, to be a private mark, must be unique. It must be different from the mark on any other car of the same make, otherwise it is not a positive means of identification."

## MONETT SELLS TWO CARS DAILY

The Monett Motor Company has the distinction of having sold on an average two automobiles a day for the past year.

This is a remarkable achievement when one considers that during the rainy season the sale of cars is somewhat lessened.

There have been days when this firm has sold as many as twenty cars and hold the record for any city of Richmond's size in California.

Many compliments have come to the Monett Motor Co. from the factory as well as dealers in other towns.

Monett says the sales are mounting daily due to the excellent service his firm gives to the purchaser of a car and also the unusual terms extended and the all-around square dealing that is employed.

## WHEN CAR PAYS BEST DIVIDENDS

"This is the time when the motorist collects the richest dividends of car ownership," says J. P. Strom.

"Any number of people, literally millions of them, will get back in health and enjoyment between now and Fall more than they paid for the car.

"Motor touring and camping can be said to have become a national recreation. Practically everywhere, communities have made special preparation for the comfort of auto-

## W.C.T.U. WILL MEET TUESDAY AT MARTINEZ

tourists. Many a party of four or five people will go further, see more and enjoy more this Summer in a good car than they could do in any other way without spending a young fortune.

"The man who buys a car now can have a lot of fun and save enough to feel that it has paid for itself by Thanksgiving."

## More Games Seen In Volley Ball League Contests

Y. M. C. A. VOLLEYBALL LEAGUE		
Wanderers	12	2 857
Y. M. D.	11	2 846
Christian	11	2 846
Wesley	7	7 509
Presbyterian	5	9 357
Baptists	5	9 357
St. Edmunds	4	10 285
Lutherans	2	12 142

The Y. M. C. A. Volleyball League games played last night resulted as follows: Wanderers beat Lutherans, 15-6; 15-13. Y. M. D. beat Baptists, 15-6; 15-6. Wesley beat St. Edmund's 9-15; 15-7; 15-12. Presbyterians lost to Christians by forfeit.

Although last night was supposed to be the last day of the season, the question of the rightful possessor of first place in the league is far from settled. Some time ago the Y. M. D.'s were playing a game with the Christians when an argument arose. The game was called off. Now it has been decided to play this game off next Tuesday evening.

The winner of the conflict will be tied with the Wanderers for first place, as the Y. M. D. team and the Christians are now nose and nose in second. Therefore another game between the Wanderers and the victors Tuesday night will have to be played before the argument is finally settled.

## Firemen Defeat Merchants Team By Score of 8-3

In spite of the fact that they were equipped with orators, insurance brokers, clothes, etc., the Richmond Merchants ball club failed to register against Chief Coopers firemen at the first street ball park yesterday afternoon and went down to bitter defeat by a score of 8 to 3.

Pete Martin, one of the new found pitchers of the department occupied the mound and went the entire game making for himself a strong reputation.

**Evening**  
7:30—Song service; scripture lesson and prayer, Rev. W. H. Hannaford; music, male quartet; Men's Bible Class, M. E. Church; Reading, L. M. A. Palm; special music; address, Mrs. Addie G. Estes, state president; offering; special music; benediction, Rev. A. A. Chapman.

tion as an amateur hurler.

This afternoon at 2:30 o'clock sharp the Richmond Fire department will be at the Thirty-seventh and Penniman street park in East Oakland and start playing what is expected to be a tight battle with the Allendale Merchants. Pete Martin will also pitch for this game, as he made such a fine showing yesterday and Captain Bill Grady is of the opinion that he will be able to go again today.

The local lineup will probably be

Huzefka, ss.; Hathaway, 1b; Moore, rf.; Grady, c.; Kiteley, cf.; Davidson 2b; Morlette, 3b; Martin and Clark and Marvin p.; Addison, lf.; Buys, Merriman, subs.

The Fire department is now booking the Spaulding company, who have arranged games on the following dates: Today with Allendale Merchants; May 30, Port Costa; and June 6, 21; July 4 and 5. They will play the Alameda Fire department on May 30, but this was booked by the local men themselves.
